

## Continuing Education Requirements for Iowa Licensed Professional Counselors (And How to Stay on Track)

As a licensed professional counselor (LPC) in the state of Iowa, it is your responsibility to adhere to continuing education requirements each period in order to renew your license. Beyond license renewal being key to you maintaining your practice, continuing education is essential to stay abreast of what is happening in your field – something your clients will always appreciate you taking seriously. Education is how we all continue to learn and further hone our skills and expertise, so it's certainly something to be celebrated. Though education is fantastic, keeping on track with the many hours you need to fulfill can be a challenge. Thankfully, there is a fantastic resource available to help you with that. Before we dive into the resource, let's start by outlining what is required of Iowa LPCs in order to renew their license every cycle.

### Licensee Requirements for Iowa Licensed Professional Counselors

In the state of Iowa, licensed professional counselors share the same continuing education requirements as their MFT colleagues. They must complete 40 hours of continuing education every two years in order to renew their license upon the September 30 renewal deadline in even-numbered years. Of the required 40 hours, at least three need to specifically relate to ethics in professional counseling. Additionally, only courses or programs that are considered appropriate for continuing education will be able to be counted toward your continuing education hours. Those activities are defined as: activities that are deemed organized learning with a goal to improve the development of LPCs, teaches subject matter that is essential to professional counseling, is conducted by a qualified individual, fulfills the goals and objectives of the program, and provides proof of attendance. For a detailed list of approved continuing education activities, reference section 32.3(2) of [Chapter 32 of the Professional Licensure](#).
