

Continuing Education Requirements for Kansas Marriage & Family Therapists (And How to Stay on Track)

As a licensed marriage and family therapist (MFT) in the state of Kansas, it is your responsibility to adhere to continuing education requirements each period in order to renew your license. Beyond license renewal being key to you maintaining your practice, continuing education is essential to stay abreast of what is happening in your field – something your clients will always appreciate you taking seriously. Education is how we all continue to learn and further hone our skills and expertise, so it's certainly something to be celebrated. Though education is fantastic, keeping on track with the many hours you need to fulfill can be a challenge. Thankfully, there is a fantastic resource available to help you with that. Before we dive into the resource, let's start by outlining what is required of Kansas MFTs in order to renew their license every cycle.

Licensee Requirements for Kansas Marriage & Family Therapists

Kansas marriage and family therapists are expected to complete 40 hours of continuing education every two years. Though proof of continuing education is not required with renewal applications, it is required if a licensee is selected for an audit, so records should always be personally maintained. Within the required 40 hours, three hours must be specifically on the topic of professional ethics, obtained in a formal learning format as defined in point (b) [here](#). The remaining hours need to come from acceptable activities, which includes activities such as academic marriage and family courses, seminars or workshops, distance learning (so long as there is a posttest), providing supervision to an undergraduate/graduate practicum/intern, participating in professional organizations, and other activities listed in point (d) of the previously linked page.

Key Takeaways:

- **Kansas MFTs must earn 40 hours of continuing education every two years.**
- **Three of those hours are required to be on professional ethics.**

Given marriage and family therapists are likely to achieve their continuing education certificates in increments, from various workshops, conventions, agencies, and institutions, there is a lot of documentation to keep track of (potentially 40 or more certificates throughout the course of two years). As proof is required if you are selected for an audit by the board, it's imperative you keep all of those certificates in a safe place – easily accessible and easy to track your progress. CE Hub is the safe place you need to work through your continuing education with ease.
