

## Continuing Education Requirements for Mississippi Licensed Professional Counselors (And How to Stay on Track)

As a licensed professional counselor (LPC) in the state of Mississippi, it is your responsibility to adhere to continuing education requirements each period in order to renew your license. Beyond license renewal being key to you maintaining your practice, continuing education is essential to stay abreast of what is happening in your field – something your clients will always appreciate you taking seriously. Education is how we all continue to learn and further hone our skills and expertise, so it's certainly something to be celebrated. Though education is fantastic, keeping on track with the many hours you need to fulfill can be a challenge. Thankfully, there is a fantastic resource available to help you with that. Before we dive into the resource, let's start by outlining what is required of Mississippi LPCs in order to renew their license every cycle.

### Licensee Requirements for Mississippi Licensed Professional Counselors

Mississippi licensed professional counselors have an obligation to earn 24 hours of continuing education every two-year licensing cycle. Of the required 24 hours, all of which need to come from approved entities, such as the American Counseling Association, the American Mental Health Counselors Association, the Mississippi Counseling Association, and others listed [here](#). Another requirement licensee must adhere to every two years is the completion of six hours on either professional ethics or legal issues in counseling. For any LPCs that are also qualified supervisors, they have an additional responsibility to complete an hour of supervision training annually.
