Education is how we all continue to learn and further hone our skills and expertise, so it's certainly something to be celebrated. Though education is fantastic, keeping on track with the many hours you need to fulfill can be a challenge. Thankfully, there is a fantastic resource available to help you with that. Before we dive into the resource, let's start by outlining what is required of Oklahoma psychologist in order to renew their license each cycle.

Licensee Requirements for Oklahoma Psychologists

By December 31 every year, Oklahoma psychologists are required to complete 20 hours of continuing education as part of their license renewal (should they want to practice psychology the following year). Within the required 20 hours, at least three hours of Board-approved ethics education must be obtained. If an activity is approved by the Oklahoma Psychological Association (OPA), the Association of State and Provincial Psychology, or the American Psychological Association (APA), then it is automatically approved for continuing education credit. Otherwise, reference the listed providers [here](#) to see if a particular course or program is Board-approved as you work toward fulfilling your 20-hour requirement. As a final note, if a licensee is the presenter of an approved continuing education activity, they can earn three credits for every hour presented.
