

Continuing Education Requirements for South Carolina Licensed Professional Counselors (And How to Stay on Track)

As a licensed professional counselor (LPC) in the state of South Carolina, it is your responsibility to adhere to continuing education requirements each period in order to renew your license. Beyond license renewal being key to you maintaining your practice, continuing education is essential to stay abreast of what is happening in your field – something your clients will always appreciate you taking seriously. Education is how we all continue to learn and further hone our skills and expertise, so it's certainly something to be celebrated. Though education is fantastic, keeping on track with the many hours you need to fulfill can be a challenge. Thankfully, there is a fantastic resource available to help you with that. Before we dive into the resource, let's start by outlining what is required of South Carolina LPCs in order to renew their license every cycle.

Licensee Requirements for South Carolina Licensed Professional Counselors

Licensed professional counselors in South Carolina share the same continuing education requirements as their MFT colleagues. They are required to complete 40 hours of continuing education ahead of the August 31 renewal deadline in even-numbered years. Within the 40-hour requirement, at least 34 need to be related to professional counseling, specifically. Additionally, six hours must be on professional counseling ethics. LPCs can earn their continuing education through both formal learning formats and informal formats ("Category A" versus "Category B"). That said, no more than 15 hours can come from information learning (or Category B). For a complete description of Category A versus Category B activities, reference sections III. and IV. [here](#). As a final note, no hours can be rolled over into the next licensing cycle, should you exceed the required 40.
