

Continuing Education Requirements for South Carolina Psychologists (And How to Stay on Track)

As a licensed psychologist in the state of South Carolina, it is your responsibility to adhere to continuing education requirements every period in order to renew your license. Beyond license renewal being key to you maintaining your practice, continuing education is essential to stay abreast of what is happening in psychology – something your clients will always appreciate you taking seriously. Education is how we all continue to learn and further hone our skills and expertise, so it's certainly something to be celebrated. Though education is fantastic, keeping on track with the many hours you need to fulfill can be a challenge. Thankfully, there is a fantastic resource available to help you with that. Before we dive into the resource, let's start by outlining what is required of South Carolina psychologist in order to renew their license each cycle.

Licensee Requirements for South Carolina Psychologists

Every licensed psychologist in the state of South Carolina is expected to earn at least 24 hours of approved continuing education every two-year licensing period. Within the required 24 hours, a minimum of 12 must be earned through "Category A" offerings, while no more than 12 can be earned from "Category B." The simplest distinction between the two categories is formal learning (Category A) versus informal learning (Category B). That said, more specific examples are outlined within each category [here](#), under "Requirements & Deadlines," for reference. Note that licensees cannot carry-over any credits, so if more than the required 24 hours are obtained, the extra hours will not count toward the next licensing cycle. Lastly, the Board does audit the continuing education credits of a random sample of licensees each renewal period, so it's best to maintain your own records for at least two cycles.

Key Takeaways:

- **South Carolina psychologists are expected to earn 24 continuing education hours every two years.**
- **At least 12 must be from Category A and no more than 12 can be from Category B.**
- **Licensees are subject to random audits from the Board.**
