

Continuing Education Requirements for South Dakota Licensed Social Workers (And How to Stay on Track)

As a licensed clinical social worker (LCSW) in the state of South Dakota, it is your responsibility to adhere to continuing education requirements each period in order to renew your license. Beyond license renewal being key to you maintaining your practice, continuing education is essential to stay abreast of what is happening in your field – something your clients will always appreciate you taking seriously. Education is how we all continue to learn and further hone our skills and expertise, so it's certainly something to be celebrated. Though education is fantastic, keeping on track with the many hours you need to fulfill can be a challenge. Thankfully, there is a fantastic resource available to help you with that. Before we dive into the resource, let's start by outlining what is required of South Dakota LCSWs in order to renew their license.

Licensee Requirements for South Dakota Licensed Social Workers

In the state of South Dakota, licensed clinical social workers are required to complete 30 hours of continuing education every two years. Those hours should be obtained by January 1 in the licensee's renewal year. All of the required hours must be earned through an approved source, which includes courses from colleges/universities, seminars, workshops, conferences, lectures, and developmental activities offered by agencies. If a licensee has prepared a first-time social work course or program (or published/presented a paper in social work), they can earn up to 10 hours of continuing education so long as they obtain the proper verification form from the Board.
