

Continuing Education Requirements for West Virginia Licensed Professional Counselors (And How to Stay on Track)

As a licensed professional counselor (LPC) in the state of West Virginia, it is your responsibility to adhere to continuing education requirements each period in order to renew your license. Beyond license renewal being key to you maintaining your practice, continuing education is essential to stay abreast of what is happening in your field – something your clients will always appreciate you taking seriously. Education is how we all continue to learn and further hone our skills and expertise, so it's certainly something to be celebrated. Though education is fantastic, keeping on track with the many hours you need to fulfill can be a challenge. Thankfully, there is a fantastic resource available to help you with that. Before we dive into the resource, let's start by outlining what is required of West Virginia LPCs in order to renew their license every cycle.

Licensee Requirements for West Virginia Licensed Professional Counselors

Professional counselors licensed in West Virginia share the same continuing education requirements as their MFT colleagues. They must complete 35 hours of continuing education every two years in order to renew their license for another cycle. Licenses expire on June 30 of odd years, so all hours must be obtained before that date. Within the required 35 hours, three hours need to be in ethics (which must include training in the ACA Code of Ethics) and two hours need to be regarding mental health conditions common among veterans and their family. For added flexibility, up to 20 hours may be earned online through NBCC-approved providers.

Key Takeaways:

- **West Virginia LPCs must complete 35 hours of continuing education every two years.**
- **Three hours need to be in ethics and two in veteran mental health.**
- **Up to 20 hours can be earned online (through NBCC-approved providers).**

Given licensed professional counselors are likely to achieve their continuing education certificates in increments, from various workshops, conventions, agencies, and institutions, there is a lot of documentation to keep track of (potentially 35 or more certificates throughout the course of two years). As proof is required when you apply for renewal, it's imperative you keep all of those certificates in a safe place – easily accessible and easy to track your progress. CE Hub is the safe place you need to work through your continuing education with ease.
