Though education is fantastic, keeping on track with the many hours you need to fulfill can be a challenge. Thankfully, there is a fantastic resource available to help you with that. Before we dive into the resource, let's start by outlining what is required of West Virginia psychologist in order to renew their license each cycle.

Licensee Requirements for West Virginia Psychologists

Psychologists licensed in West Virginia are obligated to complete 20 hours of continuing education every two years if they wish to renew their license for another cycle. Ten of the required 20 hours need to be obtained through American Psychological Association (APA) or National Association of School Psychologists (NASP)-approved providers while three hours must be in ethics. Additionally, another two hours must be on mental health conditions common among veterans and their family members. Though proof of completion of all continuing education activities is not required with license renewal applications, the board does conduct randomized audits, so it is the responsibility of each licensee to maintain their own records.

Key Takeaways:

- **West Virginia psychologists must complete 20 hours of continuing education every two years.**
- **Three need to be on ethics and 10 from APA or NASP-approved providers.**
